SUSTAINABLE | STACKABLE | VERSATILE

Jewellery designed to be stacked + layered

LUCILLE LONDON's signature style fuses stackable, wearable pieces with sustainability, creating fine jewellery designs that can be worn every day and for any occasion.

These investment pieces form transeasonal style staples that sit across seasons, resulting in less consumption, less landfill, and stand the test of time.

All of LUCILLE LONDON's designs are made from solid gold and solid silver that does not fade or discolour with wear.
